ArthurAI™ Corporate Learning Edition CLE

CORPORATE L&D

Report *time-to-skill*, not module completion.

ArthurAI CLE ties every programme to an outcome your board measures — time-to-productivity, time-to-recertification, time-to-skill — with a compliance record per employee that holds up under audit.

THE ARTHUR CONSOLE · REAL SHIPPED UI, DEMO DATA

Outcomes the board measures

Each competency rubric ties to a business outcome, traced end-to-end.

Compliance records that hold up

Rubric, employee and manager attestation, date and recertification cadence — immutable, exportable.

SOC 2-ready posture

Tenant isolation, immutable logs, RBAC, encryption. Type II audit on the roadmap.

No HRIS gate

Browser-deployable. Optional SCIM sync from Workday, SAP or Oracle, or CSV.
