ArthurAI™ Studio

AGENTIC COURSE AUTHORING

Stand up a *whole programme* in a day.

Give ArthurAI Studio a topic and an audience. It researches, writes every lesson, aligns it to the frameworks you answer to, tests it on simulated learners and ships it to the LMS you already run — while a named owner approves every word.

ArthurAI Studio BUILD BOARD

● ARTHURS AUTHORING IN PARALLEL

BRIEF

"AI literacy for frontline supervisors — six modules, aligned to DOL TEN 07-25."

01 · What AI can and can't do	Approved
02 · Prompting with judgement	In review
03 · Data, privacy and risk	Writing
04 · Checking the output	Writing

SIMULATED LEARNERS

Complete beginner

Experienced practitioner

Time-pressed skimmer

Non-native English speaker

Each takes the course and files what tripped them — with the fix.

ILLUSTRATIVE BUILD · DEMO DATA

Tested like software

A reviewer panel argues over the draft; a freshness pass flags claims the world has moved past.

Built to your standards

A compliance matrix maps every module to the requirement it satisfies, as it writes.

Keep the LMS you run

SCORM 1.2 and 2004, xAPI — or an ArthurAI edition.

Eight languages, one tap

Structure-checked translation, right-to-left included, on every plan.

Compliance Autopilot

Train, credential and recertify your whole workforce — without anyone chasing a spreadsheet.

01 · ASSIGN

Train on your own rules

Authored from your regulations; every assertion cited.

02 · CREDENTIAL

Proof a regulator can check

Verifiable credential with expiry and public link.

03 · RECERTIFY

Nobody lapses

Scheduled reminders before every expiry.

04 · PROVE

Audit-ready in one click

Coverage report with a SHA-256 checksum.

Agents propose; a person approves. They watch for uncovered requirements, outdated regulations and un-enrolled starters — within a monthly budget you set. Nothing is applied without sign-off.
