ArthurAI™ Vocational Learning Edition VLE

WORKFORCE DEVELOPMENT

Prove they *can do the job* — not that they sat through it.

ArthurAI VLE measures competency against the rubric your training authority signs off — trainer-attested, evidence preserved. Funders get the artifact they audit; trainees get a credential that holds up in hiring.

THE ARTHUR CONSOLE · REAL SHIPPED UI, DEMO DATA

Competency, not seat-time

Rubric, AI observation, trainer attestation and evidence trail — on every assessment.

The trainer stays safety-of-record

Answers cite OSHA standards and manufacturer manuals; nobody advances without sign-off.

A multilingual workforce

English, Spanish, Urdu, Bahasa, Hausa, Mandarin, Arabic — safety terms preserved.

Fits how you're funded

Maps to NAVTTC, EU EQF, Perkins V and employer cost-share, with funding-neutral DPAs.
