PERSONAL INJURY · IN MARKET

Intake to demand, *worked by a fleet* you supervise.

Justine breaks the matter down and dispatches it to named specialists — intake, medical chronology, valuation, strategy, deposition prep. Every finding is traced to a page in the record, every authority verified, and nothing leaves the building without you.

The War Room SYNTHETIC MATTER

● CITATIONS VERIFIED

YOUR CASE		THE OTHER SIDE	
Liability	Strong	Defense attack: causation	High
Causation, traced to the record	Supported	Adjuster posture	Simulated
Damages arithmetic	Validated	Weak point to shore up	Flagged

ILLUSTRATIVE OF THE WORKING PRODUCT · SYNTHETIC DEMONSTRATION MATTER, NO CLIENT INFORMATION

Every finding traced to the record

Each value carries its source document and page; cross-source conflicts surface for you to resolve.

The citation check fails closed

Authorities are verified against CourtListener. One that can't be verified stops the work, by name.

Stress-tested before you see it

Each demand runs four passes: validation, senior-attorney review, auto-revision and a red team as the adjuster.

A number you can defend

Specials, venue comparables, future medical, liens and policy posture — a range, with the reasoning attached.

The matter, structured.	Every line page-cited.	Range and bottom line.	Your case vs. the defense.	Read their argument first.

Priced per seat, AI included

Justine Core

$149 / support seat / mo

For case managers and paralegals. $1,490 a year billed annually.

Justine Professional

$449 / attorney seat / mo

The attorney seat — every capability, unlimited demands. $4,490 a year billed annually.

Justine Firm

Custom · 25+ seats

Custom MSA and DPA, a compliance evidence package and a named contact.

Same capability on every seat

A support seat and an attorney seat differ in what the person does, not what Justine will do.

Refusals are published

What Justine will not do on a PI matter — like guess a limitations date — is written down.

Agents queue, never send

Outward work waits for a person. That rail is architectural.

The AI reasons; *the attorney decides.*
