Justine AI™ Workers' Compensation Edition WC

WORKERS' COMP · CA · GA · TX

Win more comp cases. *Miss nothing.*

Applicant-side workers' comp built to real depth in California, Georgia and Texas. Justine reads the AME/PQME record, rates to the official schedule with the statute cited, tracks the deadlines that decide a case — and tells you which state governs.

Leave no money on the table

Every rating computed to the governing schedule — PD chain, apportionment and indemnity dollars.

Never get caught by a deadline

State clocks tracked, including Texas's 90-day impairment-rating finality most attorneys miss.

Know which forum governs

When more than one state could claim the injury, Justine shows how benefits and deadlines differ. You choose.

Clients hear you in their language

Letters, texts and voice in English or Spanish — every message attorney-reviewed.
