

CIAI · THE CREDENTIALING INSTITUTE

# Learn with ArthurAI™. Certify with CIAI.

*The credentialing institute beneath The Dawn Directive™. AI fluency for every industry.*

*CIAI is the virtual learning institute that certifies AI fluency for the global workforce. Curriculum authored by Eve; delivery substrate is ArthurAI™ VLE — adaptive, multilingual, personalized. The certification is the credibility signal procurement teams need when evaluating workforce-development frameworks.*

01

## Foundational Tier

The Dawn Directive™ — live and enrollable. 18 courses, 360 hours, 6 tracks: Literacy, Fluency, Applications, Ethics, Educators, Future-Skills.

02

## Industry Tier

Coming soon. Vertical-specific AI fluency programs for Finance, Healthcare, Marketing, HR, Legal. Built on the Dawn Directive foundation.

03

## Advanced Tier

Future path. AI Collaboration & Team Leadership, AI Governance & Ethics, AI Readiness for educators, executives, and policy leaders.

04

## Delivery Substrate

Powered by ArthurAI™ VLE — adaptive, multilingual, mobile-first, browser-deployable. The same engine that powers PEC, LaGrange, and IUCEA deployments.

05

## Vendor-Agnostic

Balanced curriculum covering GPT, Claude, Gemini, and the broader landscape — not a single-vendor pitch. Industry-ready skills that transfer.

06

## Institutional Bridge

CIAI is the credentialing authority; MindHYVE deployments operationalize on the ground. LaGrange, CNU, IUCEA, KPSIAJ, PEC, Kadisco.

### ON THE ARCHITECTURE

CIAI is a wholly distinct LLC operating from the same Newport Beach address as MindHYVE. The Dawn Directive™ is a CIAI trademark, used under license. The delivery substrate is ArthurAI™ VLE — MindHYVE operates the OS; CIAI brands and certifies the curriculum.

### ON TRUST + COMPLIANCE

Vendor-agnostic by design. Curriculum updates quarterly as the frontier-model landscape changes. Credential standards aligned to workforce frameworks (NAVTTTC in Pakistan, EQF in EU, CTE Perkins V in US). 100% online, multilingual, with accessibility built in.
