AGENTIC AI FOR ISLAMIC KNOWLEDGE

بِسْمِ ٱللَّهِ ٱلرَّحْمَٰنِ ٱلرَّحِيمِ

Ask any question. *Every source cited.*

Theo is agentic AI for Islamic knowledge, grounded in the Qur’an and Sunnah. It verifies hadith, explores the Qur’an, compares the four madhahib and researches fiqh — reasoning from a published primary-source corpus, with every chain parsed.

One hadith, six steps IPSC V4.0.0 — EVERY CITATION VERIFIED

إنما الأعمال بالنيات

“Actions are judged by intentions, and every person shall have what they intended.”

FROM THE WALKTHROUGH AT THEOGRID.AI/THEO

Cited vs. considered

Every answer separates the evidence Theo used from the evidence it looked at and set aside.

It says when it can’t answer

When the corpus doesn’t hold enough, Theo says so and names what would be needed. It never fills the gap.

All four schools

Hanafi, Maliki, Shafiʿi and Hanbali side by side — or led by your own madhab.

Anonymous-first

15 questions a day with full evidence. No account, email or card required.

Five stages, every question

01 · RETRIEVE
Primary sources
Qur'an, hadith, rijal, ilal.

02 · INVESTIGATE
14 corpus tools
Five iterative rounds.

03 · GENERATE
12 operations
From classical tahqiq.

04 · VERIFY
Chain-of-Verification
Every citation checked.

05 · PERSONALIZE
Your level
Madhab, language, depth.

Choose your depth

Auto · Quick Free	Theo picks the depth, or gives short, direct answers with citations — for quick fiqh lookups and verse references.
Reasoner Plus	Balanced depth with visible thinking, an evidence map and a chain-of-verification preview.
Deep · Tahqiq Tahqiq	Multi-round investigation with chain-of-verification on every citation. Private by design — never used for training.

Five languages

English, Arabic, Urdu, Indonesian and Malay; evidence always in the original Arabic.

Never trains on you

Conversations power your memory only, and are never used to train models.

Built for practice

Your Hijri authority, honorifics per locale, and the Dhul Hijjah tracker.

EBO, never fatwa. *The scholar decides.*

Theo produces Evidence-Based Opinions — evidence presented openly, reasoning visible, confidence calibrated. Never a ruling. Start free, with no sign-up.
